

Halo™ Comfy Seat

The Halo™ Comfy Seat is ergonomically designed and manufactured from memory foam, providing passengers with additional comfort during an evacuation.

Dimensions:
H80 x W520 x D330

Weight:
2 KG

Suitable for:

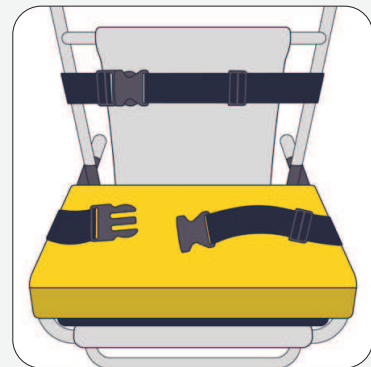

- ✓ Halo Swift™
- ✓ Halo Ultra™
- ✓ Halo Lift™

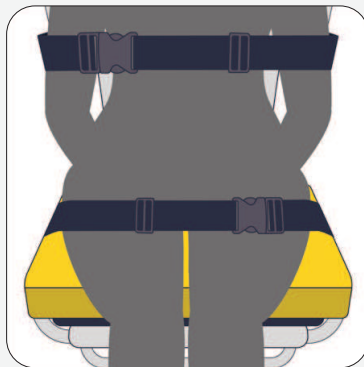

1. Halo™ chair zipped hammock.

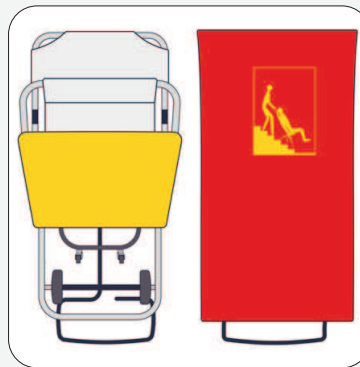

2. Ensure the chair safety straps are fastened and placed onto the zipped hammock. Place Comfy Seat onto the frame and secure.

3. Comfy Seat in position.

4. Once the passenger is seated, fasten the Comfy Seat safety straps.

5. The Comfy Seat can be fastened to the outside of the chair for safe storage.
